

WANTS A LEASE AT SILVER BOW

**Easterner Favorably Impressed With that District and Has \$20,000 to Spend
---Shipment of Rich Ore.**

Silver Bow, fifty miles to the southeast of Tonopah, is looking up, according to F. M. Dorethy, who came in from that camp yesterday. He states that much development work is being done there and that a number of eastern capitalists have been there looking over the properties. They all say that some of the finest assays they have seen in any of the Nevada districts are secured from workings in that section. One eastern gentleman, who has been investigating the Jennie K., better known as the Shotgun claim, has applied for an option on the property, agreeing to spend \$20,000 in development work on the property if given the lease. It is understood that the lease will be given and the development work soon started.

The Sweet boys have just shipped a carload of ore from their lease on the Silver Bow Belle to the Western

Ore Purchasing company at Goldfield, and Mr. Doherty says the ore will run something like \$350 to the ton. That's ore. The boys have just been sorting their dump, and from it have stacked up an enormous pile of ore which will run better than \$100 per ton. With the construction of the Clarke smelter road from Ely across in this direction, the Silver Bow, Clifford, Golden Arrow, and Bellehelen properties will be given shipping facilities which will enable them to handle much ore which is too low grade to haul, and yet which contains rich values. And it is not improbable that the influx of easterners into that territory, all looking for good investments, will result in the erection of a mill somewhere in that district which can handle all the low grade ore at a good profit. By the way, if that railroad is built it will probably cut through the Gold Reef townsite.

NEW LIFE FOR OLD BELMONT

New Concern Takes Over the Old Combination Mill, and Will Work Up Vast Quantities of Low Grade Ore.

C. A. Wilson is in from Belmont, where he is connected with the Belmont Security and Development company. That company has secured the old Combination mill and has installed a Turner mill with a capacity of 150 tons daily. The mill has been in operation nearly a month under the supervision of T. B. Bassett, a well known mill and mining man from Los Angeles, and the results are more than satisfactory, as over 90 per cent of the values are saved.

The company has in addition acquired several of the old Belmont mines which were worked thirty-five years ago, when only high grade ore was extracted, the low grade being thrown into the stoves. It is estimated that there is 600,000 tons of this low grade ore already mined and

which will assay over \$20 a ton. They have also several good ledges of high grade shipping ore, besides several immense ledges of low grade ore blocked out. The mill has demonstrated that ore going \$5 a ton can be handled with a good profit and in all probability a larger mill will soon be installed.

The starting of the mill has stimulated the mining industry throughout that district and the old town of Belmont has taken on a new lease of life. The camp has been visited by several representatives of eastern capital and when their reports have been made it is thought that a number of other companies will commence operation.

Mr. Wilson will return to Belmont this morning.

GOES TO BEDSIDE OF AGED MOTHER

F. M. Dorethy, one of the Silver Bow pioneers, came to Tonopah yesterday evening and leaves this morning for his old home at Colchester, Illinois, in response to a telegram from a younger brother stating that if he desired to see his aged mother while she is alive he must come at once. Mrs. Dorethy is seriously ill, but the telegram gave no particulars.

LABOR LEADERS TO TAKE STUMP IN CAMPAIGN
WASHINGTON, Oct. 21.—Another step in the participation of organized labor in the political campaign was taken today when more organizers were ordered to Ohio by the American Federation of Labor and Secretary Morrison of the Federation left on a speech making trip in the east.

FLANIGAN AND BROWN ARE BUSY

Hugh Brown, candidate for supreme justice, and Hon. P. J. Flanigan, who are now campaigning in southern Nevada, arrived yesterday afternoon and after a stay of a few minutes in Tonopah left by auto for Manhattan, where they spoke last night. Tonight they speak in Round Mountain, and will return to Tonopah Friday. Tom Fitch, the silver tongued orator, did not accompany them. These candidates have been conducting a whirlwind canvass, and everywhere they have been their reception has been most attesting. "It's all Taft, Flanigan and Brown," they say.

THE CLIFFORD DISTRICT IS SHIPPING ORE

The Broken Hills mine, at Clifford, is now shipping steadily to the sampler at Millers, and the grade of the ore that is being sent out, according to mine assays will average at least \$150 a ton. On company account there are eighteen men on the payroll, and the work of driving the drift in the ore shoot at the 115-foot, or bottom level, is being diligently prosecuted, and on a wide body of pay ore.

J. C. McCormack, president and manager of the company, arrived in town yesterday from the mine, and will return early this morning.

"The new road to the camp from Goldfield," he said last night, "which some of the papers have been pleased to call McCormack, is in fair condition. Two men and two scrapers, with four horses to drag them will take the road early next week. I am going to make that road the best one running into Clifford and neighboring camps. It will cut off the wagon haul at least a day from Goldfield, as it has been necessary to take the Tonopah route heretofore." — Tribune.

BARTLETT AND BELFORD SPOKE WEDNESDAY EVE

The campaign visit of Hon. George A. Bartlett to his constituents in Tonopah on Wednesday night was the occasion for quite a political gathering in Miners' Exchange hall. Mr. Bartlett and Hon. Sam Belford, an old political warhorse of oratorical fame, being the speakers of the evening. The crowd was mildly enthusiastic, most of the enthusiasm being a personal tribute to Tonopah's most favored son, George A. Bartlett, whose greatest mistake is that of being a Democrat.

Belford was listened to—and that was all—by the audience for quite a long time, he trying to cover the political catalogue from A to Izzard. When he finally subsided, Congressman Bartlett made one of his customary straightforward talks, and it was appreciated by his listeners.

MOTHER BACKS SON FOR \$1,100,000; LOSES ALL
NEW YORK, Oct. 21.—Mrs. Minnie E. Young, mother of Lewis Ginter Young, a member of the failed brokerage firm of A. O. Brown and company, told at today's session of the investigation in the affairs of the firm of having made large loans to that firm in 1906 and shortly before the firm failed. While she was testifying her son wrote a statement declaring that his connections with the firm had cost his mother \$1,100,000, a large part of which was lost in the collapse of the San Domingo Gold and Copper company.

In the matter of the guardianship of Ethel H. Lorrigan, the case was closed yesterday in the district court and the guardian discharged as the ward has come of age. The principles live in Current Creek and the guardian was appointed in 1892.

J. L. Josephs, president of the MacNamara Mining company, accompanied by Messrs. Sweet, Bissell and Connors arrived from San Francisco yesterday morning. The gentleman will remain several days in Tonopah and before their departure will make a thorough investigation of the MacNamara before returning to the coast.

A JAP OPERETTA AT THE BUTLER

The management of the local theater promises a treat in the new Nippon entertainment, 'The Pagoda.' The book, lyrics and music emanate from the pen of Charles Alphin and is pronounced as being the best one-act musical play that this talented artist has written.

The production calls for a new set of scenery, costumes and effects. It will run Saturday, Sunday and Monday, and if the house played to capacity it could not take in expenses. The main object of putting on this operetta is to build up a new reputation for the Butler theater.

There will be some new faces in the chorus and in a word nothing will be omitted to make "The Pagoda" the musical hit of the season.
